# Compression Bra

## POST-OPERATIVE BRA BY WEAR EASE®

The Compression Bra by Wear Ease® is designed to provide gentle compression all around the torso for women with post-surgical discomfort or chest or breast lymphedema. The Compression Bra by Wear Ease® is ideal for reconstruction, augmentation and reduction.

### THE COMPRESSION BRA FEATURES:

- Front zipper closure
- Cushioned front zipper
- Adjustable and detachable hook and eye shoulder straps
- Inside pockets to hold and keep breast form (breast prosthesis)
- Soft elastic band encircles torso, allowing attachment of drainage tube pouches
- Completely seamless body contact, inside and out
- Double layer Naturexx® fabric construction
- Natural Naturexx® fibers transfer moisture away from body and dissipates body heat
- Style provides flattering fit

### AVAILABLE IN SIZES:
