- 906—w/2 Removable Drainage Tube Pouches and 2 Fiberfill Breast Forms

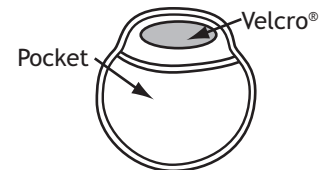

New Dawn

POST-SURGICAL CAMISOLE BY WEAR EASE®

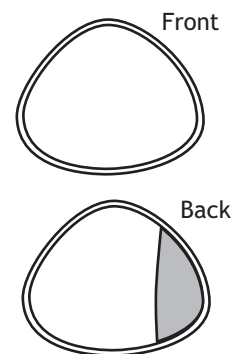

The New Dawn Camisole by Wear Ease® is a post-surgical camisole designed for women to wear after breast or chest surgery.

Removable Drainage Tube Pouch

Fiberfill Breast Forms

THE NEW DAWN CAMISOLE FEATURES:

- Soft Velcro® front closure
- Fine, “no-pill” combed cotton
- No inside seams
- Additional under-bust support
- Two Removable Drainage Tube Pouches
- Two triangular fiberfill breast forms (Style 906)
- Sizes XS through 4X
- Available in white
- Easy to slip-on and fasten in front

Inside elastic encircles the entire torso allowing repositioning of the removable drainage tube pouches from front to sides or back according to needs.

The drainage tube pouches can be removed and the camisole can be worn for leisure wear after surgery or during radiation.

Content and Care: 92% combed cotton, 8% spandex.

Washing Instructions: Machine wash gentle cold, use non-chlorine bleach if needed. Do not use bleach or fabric softener. Tumble dry low or hang to dry. **Velcro® front closure must be hooked together (closed) before washing.**

Remove the breast forms before washing. When washing the breast forms, remove the fiberfill. The pouches can be washed attached to the camisole or washed separately.
